

The Ampersand Foundation

A non-profit charitable Trust established in 1997 by art patron and Chairman Jack Ginsberg and managed by a board of South African and American Trustees. It rewards excellence in the visual arts by granting an Ampersand Fellowship Award to young professional South African contemporary visual artists and arts administrators. This prestigious Award enables the artist to visit New York and its great museums and galleries thereby benefiting an artist's career development. The Award offers the recipient, designated an Ampersand Fellow, a funded two month residency at the Ampersand apartment situated in Tribeca in New York.
