

!Kauru Contemporary African Art Touring Project

The project aims to promote conversations in Africa and internationally to change perceptions of the continent through contemporary art as well as sensitize South African/African audiences to appreciate African contemporary art. !Kauru offers a platform of engagement which promotes meaningful inter Africa /Diaspora cultural exchange between contemporary artists and cultural practitioners from the SADC region. Ultimately incorporating all the regions of Africa it aims to create networks and visibility for artists and curators. Project events include a museum exhibition, allied skills, educational, academic and audience programmes, supported by the Department of Arts and Culture, (International Relations Department). Art Source South Africa consults on strategy, PR and media activation.
