

LIZAMORE

& Associates

Lizamore and Associates Contemporary Gallery

Lizamore and Associate, formerly Art Space Gallery, is a Johannesburg based Contemporary Art Gallery.

Art Source has served as management consultants to the gallery since 2007. Our services and activities range from marketing, strategic, human resource & business planning and project management for the gallery and its projects.

Contemporary fine art gallery and art consultants, Lizamore & Associates, pride themselves in showcasing the very best contemporary art from emerging and established South African artists. The Lizamore & Associates team is led by acclaimed gallerist, Teresa Lizamore. Over the past 31 years, Lizamore has developed a sound career in the industry, as an art consultant, curator and gallerist. She served as the curator for the Sasol art collection between 1982 and 2009, building the collection to over 2000 pieces of contemporary South African art. Lizamore started ArtSpace Gallery, in Fairland in Johannesburg in 2001 and moved to the Rosebank Artstrip in 2008. In 2013, ArtSpace changed their name to Lizamore and Associates. Lizamore & Associates continues to promote the works of new and emerging artists whilst focusing on developing long-term relationships with these artists. The gallery takes the view that by showing a considered combination of exhibitions of the work of more established names, as well as carefully selected emerging new voices, the gallery can promote new prospects to collectors, while still serving the growing market of buyers who look for the sound investment opportunities presented by more known artists.
